CONSENT TO TREATMENT & FEE POLICY

Naturopathic Medicine is the treatment and prevention of diseases by natural means. Naturopaths assess the whole person, including physical, mental and emotional aspects of the individual. Gentle techniques are used to stimulate the body's inherent healing capacity and correct any imbalances. Your visit may consist of a thorough case history and a screening physical examination, including breast examination for females. If your case requires, the physical examination may include more specific examinations such as rectal or genital exams. After collecting the necessary information, diagnosis, treatment and/or referral to other health care professional are made based upon the assessment of conditions revealed.

It is important that we are informed of any diseases that you are suffering from and if you are on any medication or over-the-counter drugs. If you are pregnant, suspect you are pregnant, or you are breastfeeding, please let us know.

There are some light health risks to treatment by naturopathic medicine. These include but are not limited to: aggravation of pre-existing symptoms; allergic reactions to supplements or herbs; pain, bruising or injury from acupuncture. Results are not guaranteed and not all risks and complications can be anticipated.

Payment is made at the time of visit:

- \$25 fee for NSF cheques
- Rescheduling fee of \$45.00 applies to any appointment changes with less than 24 hours notice.
- Supplements and products are individually priced. Patients are not required to purchase the recommended supplements in their treatment protocol from this office and are free to choose where they are purchased.

Your identity will be protected at all times and a record will be kept of the health services provided. Patients may look at their medical record at any time and can request a copy by paying the appropriate fee. The information from medical records may be analyzed for research purposes and all identities will be protected and kept confidential.
